

'VIKAS DARSHAN'

A report card of achievements
of Shri Narendra Modi Govt. During last 3 Years
(Including Dharwad Lok Sabha constituency)

સ્વચ્છ ગ્રામીણ - ઘરેલુ ગેસ

"FATBOY"

**DEVELOPMENT & GOOD GOVERNANCE
ARE KEY TO WELFARE OF PEOPLE**

Pralhad Joshi

Member of Parliament (Lok Sabha) Dharwad

Dear Friends.

In the history of independent India 26th May 2014 can be said to be the most important day. That was the day on which Sri Narendra Modi was sworn as the Prime Minister of India formed by BJP. Earlier the NDA Govt led by Sri Atalji was in power. But the specialty of Modi led Govt is that BJP has formed the Govt on its own strength by winning an awesome 280 seats. This is the day on which BJP formed the NDA Govt led by BJP for the first time after 30 years. There after in these three years period Sri Narendra Modi has engaged as the most successful Prime Minister of Independent India. Besides steering India forward in the right direction he is grooming himself as an important world leader. This is in contrast with the rule of Dr Manmohan Singh (remote controlled by Mrs Sonia Gandhi) Dr Singh's Govt of 10 years duration was like that of pirates who looted the country. Hundreds of cases of corruption, mal administration and mismanagement were master minded by UPS Govt in direct contrast to this our NDA Govt led by Sri Modi is leaving no stone unturned for the development of the country.

For taking the country forward along the path of development a period of 3 years is like a drop in the ocean. After 10 years period of mal administration to cleanse, the country and lead it along the clean and right path, is not an easy task, therefore immediately after he came to hold the reigns of administration the first and the foremost programme declared by Sri Modi was that of Swachh Bharat. This programme was not restricted to merely holding the broom and cleaning lanes, roads and public places. The concept of Sri Modi's Swachh Bharat is something beyond this. It is to emancipate this country, from the dirt of corruption, maladministration deceiving the people etc, and

establishing Swachh Bharat in the real sense of the term. Keeping this pious objective in mind Sri Modi has been marching towards the right destination and in the past 3 years of Sri Modi's rule the Govt has declared and implementing hundreds of plans and programmes and the methods these are being implemented are praise worthy. 125 Crore people of our country are now feeling the possibility of the country being emancipated from the eclipse that had gripped the country and now seeing in Sri Modi a simple straight forward and an empathetic leader, who at the same time does not hesitate to take tough decisions in the best interest of the country. Demonetization of the currencies, which certainly is an index (pointer) to the economic development of the country has been hailed as a bold step, never seen before. Our Govt has laid strong foundation for leading our country towards the new horizon. Senior leaders in the union cabinet such as Sri Arun Jaitley, Sri Rajnath Singh, Smt Sushma Swaraj, Sri Venkaiah Naidu have not only lent their strong support to Sri Modi, but are constructively participating the activity of nation building. Now it is our turn to strengthen the hands of Sri Modi and thereby help building a strong and excellent India. Besides engaging myself in this constructive work, I am striving hard in implementing the plans and programmes the union Govt and while doing so, I am focusing on Dharwad Lok Sabha constituency in such a way that the fruits of all these plans programmes reach the people of my constituency there by bring all-round development to the constituency. In this humble effort of mine, I seek the help and Co-operation of you and that of the party workers.

I am placing in your hands i.e. my voters a progress report of the achievements by the union Govt, so also the progress report of the work done by

me for the development of my the Dharwad Lok Sabha Constituency. After Sri Modi took over as the Prime Minister and up till now a number of pro people plans and programmes are being implemented. Sri Narendra Modi, who has designed the projects which can propel the country towards development. I do not claim that all is done by me alone. But I can only say that I have taken honest step forward in the direction of making my country more strong and more beautiful. This is possible because of the guidance, help co-operation and support of leaders like

Sri Jagadish Shettar senior party leader and former Chief minister of Karnataka and colleagues like Sri Basavaraj Bommai, Sri Pradeep Shettar, Sri Aravind Bellad, Sri S V. Sankanur and former MLA Sri Shankar Patil Munenakoppa, Sri S I Chikkanagoudar, Sri Veerbadrappa Halharavi, Smt Seema Masuti and innumerable Party workers. In the foregoing pages of this booklet I have made a modest attempt in briefly bringing the details of various plans and programmes of the union Govt and the details of the development work undertaken by me in Dharwad Lok Sabha constituency.

your's
Pralhad Johi

Highlights of Achievements in 3 Yrs of NDA Govt

1) Swachh Bharat- Prime Minister Sri Narendra Modi created sensation by saying that, executing a project itself should become a movement. Therefore immediately after taking over as the Prime Minister, Sri Modi's call for Swachha Bharat took the shape of movement, in response to which crore of citizens ranging from Ambani to Ambamma, and Bachhan to Basappa held brooms and along side the roads is not an ordinary matter. Similarly all the projects declared this Govt being executed like movement is undoubtedly an indication of Achhedin being not far away. The previous Govt in its 60 years rule has almost done nothing to keep the citizens healthy and the surroundings clean. Work of building individual toilets numbering 45.59 lakhs in 2012-13 and in 2013-14 49.75 lakhs. Construction of large number of toilets remained incomplete because subsidy of Rs 3000 to Rs 5000 was too small an amount. But our Govt enhanced the subsidy to Rs 12500 and Rs 15,500 to Sc/St category. This is sufficient amount required for construction of toilets. As a result of this the fervent appeal by the Prime Minister large number of people joining swacha Bharat movement inspired the Govt. in building up record 58.54 lakhs toilets in 2014-15 and 1.26 crore toilets in 15-16, 2.09 crore toilets in 2016-17 and in all a record 3.89 crore toilets in just three years. Our aim is to build individual toilets for every home. There is an increase of 40% in rural individual toilets because of Swacha Bharat programme.

Meaningful Projects to Uplift Indian agriculture.

Pradhan Mantri Fasal Bima Yojana - Record Implementation.

There has been a record in increase in the Kharif crop farmers who were subjected to Fasal Bhima. This shows 75% increase when compared in 2013 kharif

season 2.04 crore farmers covered whereas in 2016 it is 2.66 crore farmers who were subject to Fasal Bhima. 2.76 ha land was covered by crop insurance whereas in the year 2016 in which it commenced 3.88 crore ha was covered by PFBY. This amounts to an increase of 41% when compared to the figures of 2013.

Most importantly the amount distributed to farmers in the kharif season of 2013 was Rs 49,454 crore, as

against the amount distributed to farmers in the first year of Fasal Bima Yojana was Rs 1,41,339 crore. This shows an increase of 86%.

Pradhan Mantri Krishi Sinchayee Yojana:

In order to convert agricultural power into national kish power, Pradhan Mantri Sinchayee Yojana was introduced. This plan aims at enhancing the productivity and improving the quality of crop. The principle enunciated in this plan is "Per drop more crop".

Deen Dayal Upadhyaya Gram Jyoti Yojana:

This project aims at providing separate feeder for the supply of electricity for agriculture in the rural area.

Soil Health Card

Healthy soil is the root of green fields. But to make farmers of any land to understand better about the nutrients in his land and bring balance between the more or less nutrients, this Govt has distributed 79 lakhs soil health cards to farmers and by this inputs the farmer can go for more scientific farming. This helps farmers to increase the yield.

Neem coated urea

Before our Govt came to power during kharif and Rabi seasons queuing up in front of the fertilizers stalls in taluk head quarters was common scene. Many a times scarcity of urea led to Lathi charge etc. The main reason for all this was the subsidized urea was sold in the Black market which was used for other non agri purpose. Above all Prime Minister Shri Modi and Sri Anant Kumar Union Minister of Fertilizers and petro chemicals took a bold decision in order to restrict the

use of urea only for agricultural purposes and to supplementary strength of the soil urea was converted into neem coated urea. As a result of this for the past 3 years, urea is made available in enough quantity in the places of farmers. The new fertilizer policy has solved the fertilizer problem guaranteed the availability of urea in adequate quantity. The production of urea is enhanced. Through the establishment of e-platform national agricultural market has been formed in order to provide information to farmers. Kisan tv channel, weather, market prices scientific facts, demos of agriculture University, a separate 24X7 farmers TV channel is in place

Traditional Farming project: First project to encourage organic cultivation.

This is first of its kind program through which the Govt intends to protect and develop Indian desi breeds. Providing solar energy to farmers pumpsets and in cr easing agri cr edit limit to Rs 8 % lakh cr is a historic milestone.

Implementation of GST

Implementation of goods and Service Tax is another important and historical achievement of this Govt.

Jan Dhan program

As a result of quick implementation of the program 27 cr ore new bank accounts are opened and pension for poor and extension of insurance policy gas subsidy is directly cr edited to the account of beneficiaries. This has saved about Rs 42000 Cr of subsidy annually to the Govt.

100 SMART CITIES

Govt has decided and launched this program where by 100 cities will be developed into smart cities which leads to employment generation and boost the growth of industries.

Mudra Bank scheme

This is a scheme aimed at financing and upliftment of minorities the backward and SC ST people where by these people can get loan quickly for their tiny businesses that they would like to start without being subjected to the hazards of red tapism. A loan of Rs 3.17 lakh Cr ore to 7.45 Cr ore people is sanctioned and significantly 70% these are women. This certainly is a step forward in women's empowerment by this Govt.

Housing plan for poor

It is the resolve of this govt to provide shelter to each and every poor person. Govt is implementing this program very sincerely. In a decade period between 2004 to 2014 a financial assistance from the Congress led UPA Govt made available a sum of Rs 20,920 Cr for the construction of 13,82,788 houses in 1061 cities including the Govt assistance a total sum of Rs 32,713 Cr was invested. In a short period of 3 years of NDA Govt has made available the Govt assistance of sum of Rs 27,883 cr for the construction of 17,73,593 houses in over 2008 cities including the Govt assistance a sum of Rs 92,266 cr have been invested. This step is a part of Govts resolve to provide the shelter to the homeless poor across the country.

Rejuvenation of food processing sector

New cold storage program are started throughout the country with an investment of Rs 3100 Cr ores. Cold storage in which food articles to the tune of 2.78 lakh metric tonnes can be stored, 629 vehicles with facility of cold storage are provided for transportation. Arrangements are made for the processing of 56 lakhs liters of milk every day. A food processing unit has been established in Tumkur Karnataka. Milk Revolution has taken place in these 3 years of Modi govt. A record production of 160. 35 million tons of milk is produced in 2015-16 alone raising the growth to 11% in the production of milk. All this has led to the growth of 10% in the dairy section. A sum of Rs 582.9 Cr released for 235 projects under Gokul mission 5.09 Cr ore women in rural areas are engaged in animal husbandry activities.

Make in India

This is one of the dream projects by Shri Modi govt which is aimed at the development of Indian industries.

Skill development plan for youth

Pradhan Mantri gram Sadak Yojana

Atal ji when he was the Prime Minister felt the necessity of connecting every village to its district headquarters and for this purpose PMG SY was put in place. Road construction task suffered a setback during UPA rule and 24,161 km in 2012-13 and 25,916 kms of road in 2013-14 was possible to be constructed. As against this the intention of our PM and that of the transport minister is totally different. They have pledged to construct the road in rural areas and as a result roads in the rural areas are being developed to the extent of 36337 km in 2014-15

36,449 km in 2015-16 and 47,447 km in 2016-17. During the period of 2011-12 the rate of road construction in rural India was 73.5 km per day where as during 2014-16 it is 100 KM a day, 36% more than what it was in the earlier period

Digital India

Before the digital India plan was started in a period ie from 2011-14 only 358 km of Optical Fiber line was laid where as in a short period of 2 years of NDA rule led by Shri Modi 112,884 km long Optical Fiber has been laid. As a result of this 50,465 gram panchayats are provided with the broadband connections and access to Internet was provided, which is certainly a communication revolution!

Free WiFi facility in Hubli Vidyanagar inauguration

Mobile banking has arrived in such a speed which never was thought at any time in the past 2013-14 a transaction worth Rs 22,420 Cr. had taken place while in 2016-17 transaction swelled to the extent of Rs 10,57,290 Cr. If it is not the support to the Prime Minister by the people then what else is it? There has been an increase of 40% in mobile banking. Digital payments have increased to the extent never seen in the past. The transactions taken place through the

digital payment method have increased to such an extent that none had expected it ever before. The total transactions that have taken place in 2016-17 alone accounted to hold your breath Rs 1,23,33,000 Cr. This is an evidence of people's support given to the Prime Minister's projects like Digital India, Make in India and Skill India. These have generated employment opportunities, expansion of the infrastructure facilities including Internet facility which has spread over every nook and corner of India, and have changed the lifestyle of the people of India. As a result of the success of digital India, in number of services including Govt services and banking services, good education, good medical facilities will be made available even in the villages

Direct benefit transfer DBT

GIVE IT UP was a call given by the Prime Minister Shri Modi. As soon as he took over as a Prime Minister

Conversion of Hubballi Hospet National Highway in 4 Lane work in progress

it was his appeal to the people of India to give up voluntarily the benefit of subsidy of LPG. There was a positive response from over 1 crore citizens, who relinquished the benefit of subsidy voluntarily. This

reminds me of 1965 Indo Pak war time. In order to solve the problem of food scarcity during the war time then Prime Minister Sri Lal Bahadur Shastri gave a call to the people of India to give up one time meal in a week. The overwhelming response of the people to Shastri ji's call is now being repeated by the people of India to GIVE IT UP call of Modi ji. Lakhs of people gave up the subsidy on LPG gas voluntarily. Mainly the middle class is an evidence of charismatic personality of Shri Modi. Similarly as a result of linking of Aadhaar card to MGNREG bank account Rs 3,000 Cr have been saved in a period between 2015-17 a total of Rs 61,000 Cr have been transferred to about 30 Cr beneficiaries.

Construction of National Highways and Bharat Mala scheme

In the construction of the national highways, Modi Govt has achieved a milestone. The rate of building National Highway was 8.5 km a day in 2012-14, 11.90 km in 2014-15, in 2015-16 it was 16.5 Km and at present it is 22 Kms a day. Our aim is to reach the speed at 41 Km a day. At the time of election UPA had declared Highway projects amounting to Rs 3.8 lakh cr but our Govt did not reduce the amount, and continued all those projects and now the work is in progress.

Achievements of Indian Railway

IN 2004-2015 Railway lines were laid at the rate of 4.3 km a day but in 2015-16 it was 7 kms a day. Rail lines for the dedicated freight corridor on the Eastern region of 130 km, Western region of 1,499 km are under construction. In 2 years 2,875 kms of railway lines are constructed besides upgradation work of 400 stations is in progress.

Hubli- Chikkajajur doubling works in swift progress

Proper utilization of natural resources stress on utilization of solar energy

Distribution of 1,00,000 solar pump sets increasing the production capacity of renewable energy to 125 GW.

Foreign policy of Modi Govt.

The earlier UPA Govt had neglected totally its relationship and trade with the neighboring countries. This failure was properly utilised by China to its advantage. These developments started making negative impact from the point of view of national security. Sri Modi sensed it quickly and undertaken tour to Nepal, Mynamar, Srilanka, Mauritius and established relationship with these countries and also succeeded in reducing the influence of china on those countries.

In the past 3 years Shri Modi visited developed countries like Japan, America, Australia, France, Canada, Germany, China, South korea and extended invitation to industrialists to invest in India and to participate in make in India schemes. By his charismatic personality and leadership qualities he

proved that India is one of the top nations in the world . He made his intentions clear of establishing relationship with America on equal strata.

Modi Govt initiated the joint action with America and Israel to counter terrorism and terrorists. By this bold step of India, heaven of terrorist Pakistan was isolated and the whole world stood with Modi.

At the Indo-Pak border in Jammu and Kashmir, Pakistan's attempt to push terrorist inside India was defeated by Modi Govt. As a result of this mischievous activities of Pakistan were stopped. Even when Chinese soldiers sneaked inside India the bold and courageous action taken by Modiji govt made Chinese to retreat.

Pak occupied Kashmir had become the hiding place of terrorists and launching surgical attack India destroyed terrorists hide outs, is evidence of modiji's courageous leadership.

Bridge built across Benni Halla on National highway -218, near Yamanur

Assistance to sugar cane growers

To pay back the balance amount to the sugar cane growers the Govt. in an unprecedented move sanctioned, interest free loan worth Rs 6000 cr to owners of sugar factories.

Enhancement of import duty on Sugar from 18% to 40%

Extracting ethanol from molasses and permission to mix it with petrol, this lowered the price of ethanol to Rs 48per litre.

Freedom from the exploitation of middlemen: All the

(work in progress on Hubli bypass road)

financial assistance credited straight away to the account of the beneficiaries without the interference of middlemen.

In a symposium on demonetization

Social security:

Prime Minister Bima Suraksha Yojana for the safety of those who are in trouble as a result of accident.

Prime Minister Jeevan Jyoti plan by an insurance cover to the extent of 2 lakh by payment of premium of 1 Rupee a day.

Social security plan as per which more than 11 Cr ore people are covered.

Welfare of unorganised labour: As per Atal pension scheme an unorganized labour can get a pension of Rs 5000 per month after attainment of 60 years by paying minimum premium of just 1 Rupee a day.

LED bulbs for saving electricity: Makes way for saving electricity.

Distribution of LED bulbs to about 30 lakh people. By Greenhouse plan, reduction of carbon to the extent of 6.2 million tons. By changing 3.5 Cr ore street lights bulbs savings of about 9000 million KW of electricity

Happy life to rural women PM Ujjwala Scheme

It is planed to bring 5 Cr ore women under the bracket of this plan. By this Scheme already 2 Cr. poor women are covered and liberated from smoked kitchens.

In launch of PM Ujjwala Yojana for Karnataka in Hubli

Demonetization of currencies: In a historic move on November 8 2016 Prime Minister Modi announced demonetization of currency notes of the value of Rs 1000/- and 500/-, which paved the way for corruption free governance and set the growth of economy in a positive way.

Jameen Bachao Kisaan Bachao (save land and save farmers): Encouragement to save the fertility of the land by using balanced use of manure. Capacity to supply nutrients and the quantity required for various cr ops is different. The price of Urea being very low instead of using manure with different nutrients they depend on urea, this affect the fertility of soil. The modi Govt encouraged the use of balanced use of fertilizers.

Modi's Contribution to Dharwad Lok Sabha Constituency.

Record Implementation of Pradhan Mantri Fasal Bima Yojana:

Crop Insurance is a revolutionary scheme. This scheme of the Union Govt has instilled new confidence in farmers' life. Before the start of Kharif season in 2016 I was in touch with senior agriculture officers DC and CEO of Zilla Panchayat and held meetings with representatives of farmers, office bearers of our party and concerned MLA's and visited a number of villages in my constituency and created awareness about this programme. As a result farmers of both Kharif and Rabi season participated in this Scheme in record large number, and availed the benefits of this plan. Out of 1,43,225 farmers for Kharif, 66,688 farmers have registered under PMFBY. Similarly out of 1,43,225 farmers 1,11,918 farmers have registered for Rabi season. Remaining 31,307 farmers were not within the scope of Rabi, therefore the registration of farmers under this PMFBY for Rabi in my constituency could be said to be 100% and Dharwad Dist ranked No-1 in the state is a matter to be felt happy.

Development of Highway and Other Roads

In a period of 3 years of Modi's rule Sri Nitin Gadkari, Union Minister for national Highways, has made road revolution, the fruits of which have flown into Dharwad Dist, my constituency, to the full extent. Rs 442 Cr from CRF and Rs 621 Cr from Highway in all a grant of Rs 1073 Cr have been released to Dharwad

constituency by Modi's Govt. This is the highest grant ever received by this constituency. This has become possible I should bring it to your notice, by my consistent and continuous communication with Gadkariji with the support and co-operation of Sri Jagadish Shettar & Sri Ananth Kumarji.

In this huge funds of 1073 Cr, many important Hubli-Dharwad interior roads will be improved by widening to 4 laner with concrete in a never before like way. Apart from this, many works to be undertaken for construction of fly over under passes in many important junctions like Jubilee circle in Dharwad, Chennamma circle, Bankapur circle, others in Hubli and also some rural roads in Dharwad district will be improved. Many rural areas of Dharwad Dist are also included in this. In brief it can be said that when the whole work is complete the picture of Hubli-Dharwad will be changed to a great extent.

Details of the roads to be improved under Highways head

- 1) Development of 5.52 kms of National Highway-04 in 4 lane road from Jubilee Circle to Narendra By pass road at a cost of Rs 71.09 Cr the work is in progress.
- 2) Development of National Highway-4 from Bankapur chowk to Channamma circle 2.5 kms into 4 laner at a cost of Rs 55 Cr. The work is in progress.
- 3) Rs 300 Cr estimate sanctioned for construction of Fly overs, under passes in thickly congested circles like chennamma circle, Bankapur circle, new English school circle, Kamaripeth circle in Hubli and Jubilee circle, DIMANS circle old SP office circle in Dharwad and DPR process in progress.

- 4) Development of a segment of NH-63 from Anchargeri to fly gate on Gadag Road, via Old Hubli grid, Siddarod Mutt, Karwar Road, Channamma circle, Lamington Road, 13.40 Km. into 4 Lane Road at cost of Rs. 171.60 cr. Tender process in progress

Improvement of twin city roads under CRF.

- 1) Improvement of road from Tolankeri to Renuka Nagar via Airport a distance of 0.45 Km at a cost of Rs 3 Cr tender process in progress.
- 2) Improvement of 4.50 Km length of Dharwad, Kalghatagi Road, via Tol Naka at a cost of Rs 4 cr Estimate approved.
- 3) Improvement of road from Unkal lake to Sainagar Cross, along old NH 4, 3.5 Km at a cost of 2 cr estimate approved.
- 4) Improvement of road of 3.48 km from Channamma circle to Rotary school in Deshpande Nagar via Neelgin road at a cost of 2.5 cr. estimate approved.
- 5) Improvement of road of 6.35 km from Desai circle upto old NH-4 near Ambesh Hotel via, Sawai Gandharva hall and Pai hotel tender process in progress.
- 6) Improvement of road of 3.70km from Kamaripeth police station to Unkal Cross via Bharat mill, Vikas Nagar at a cost of Rs 3 cr, tender process in progress.
- 7) Road improvement of 8.69 km from Rly bridge near Rly station to Sainagar via Keshwapur, Nagashetti koppa, Khadi Gramudyog, Gopanakoppa, Gangubai Hanagal gurukul, at a cost of Rs 50 cr Estimate approved.

- 8) Road Development from Indi pump (NH 63) to Airport (5 km) via Anand nagar, Manjunath nagar into a 4 lane Rs 40 cr estimate approved.
- 9) Development of road of 8.73.km from Indi Pump & Unkal Cross via Tatva Darshi hospital, Sirur park at a cost of rs 40 cr ores. Tender process in progress.
- 10) Development of road of 7 km from Tarihal to Gamangatti via Bhairidevarkoppa at cost of Rs 10 Cr Estimate approved.
- 11) Improvement of road of 6.38 km from keshwapur to SH 28, via sulla at a cost of Rs 7 Cr tender process in progress.
- 12) Improvement of road from Bidnal to Kundagol, 3.27 km at a cost of Rs 5 cr tender process in progress.
- 13) Improvement of road along NH -04 joining NH-63, 2.59 Km at a cost of Rs 3 cr ore tender process in progress.

Rural roads

- 1) Improvement of road from kusugal to byahatti in Hubli taluk 2.10km estimated cost Rs 5 Cr tender process in progress.

Hubli station road improved under CRF

- 2) Road improvement from Noolvi to Belagali via Kurdikere and Karadikoppa Distance of 6.60 km estimated cost Rs 10 cr tender process in progress.
- 3) Improvement of road from Tabakada honnalli to garudana halli of 7.65 km estimated cost Rs 8 Cr tender process in progress.
- 4) Improvement of road from Chalamatti (Khalaghatagi taluk) to Banadur 2.95 km estimated cost Rs 5 cr ores, tender process under progress.
- 5) Improvement of road from Hubli to Kusugal via sulla 3.62 km cost Rs 3 cr ore. Tender process under progress.
- 6) Improvement of road from Amargol to Amminbhavi 1.93 km estimated cost Rs 5 cr tender process under progress.
- 7) Development of road from Annigeri to Navalgund 1.3 km estimated cost Rs 5 cr . Tender process under progress.
- 8) Development of segment of state highway NO-56, road from Belavanki to Uppinbetageri via Kotabagi 2.80 km estimated cost Rs 3 cr tender process in progress.

Apart from this Sri Gadakariji has sanctioned up-gradation of 13 state Highways into National highways following my meeting him with Sri Anant kumar and Sri Yediyurappa and this certainly is a major gift of Sri Modi Govt to Karnataka.

Completed Rural & City Roads

- 1) Improvement of road from Hubli rly station bridge to Bankapur chowk via station road, Ganesh peth, settlement 3.175 km long at a cost of Rs 3 Cr ore.
- 2) Improvement of road from Dharwad Jubilee circle to Shivaji circle, 0.845 km at a cost of Rs 2 Cr ore.

Rural Roads completed.

- 1) Development of road from NH No-4 via Parasapur 6.60 km. cost Rs 5 Cr ore.
- 2) Improvement of roads from ingalahalli to Hubli APMC 5.70 km cost Rs 4 Cr ore.
- 3) Improvement of road form Navalgund to Ibrahimpur 1.56 km cost Rs 3 Cr.
- 4) Road improvement from amminbhavi to Shivalli via chandanamatti 4.10 km cost Rs 4 Cr.
- 5) Road improvement from NH-63 to Yaraguppi link road 3.20 km.

Other road works Highlights:

- 1) Yet another important highway network project on NH 63, a stretch between Hubli-Hospet ahead taken up at the cost of Rs 2,227 cr ores. This will be complete in 3 years and construction of bypass roads for Hubballi-Annigeri cities are also part of this project.
- 2) Long awaited work by Hubli-Haveri six laner conversion project of NH-4, at the cost of Rs 1200 Cr are sanctioned by this Govt, the work will begin soon. This was possible due to my continuous follow up with union Highway Minister.
- 3) A special grant of Rs 85 Cr has been sanctioned by the union NH minister Sri Gadkari under Road Safety Fund for taking up improvement work in a stretch between Hubballi-Shiggaon on NH 4, to provide service roads, light vehicles under passes and pedestrian under passes. This stretch had become a death trap due to non provision of the above facilities. The work will begin soon.
- 4) The present bypass road between Hubli-Dharwad is in two laner and to be converted into six laner.

The Govt of India after my Continuous persuasion with Unio NH Minister has proposed to take over this road from Nandi developers and develop it into six laners on its own. The agency has been already appointed to go into this proposal and submit its report, along with DPR.

Growth of Railways in state and constituency

An unprecedented amount of funds are sanctioned to South Western Railways Zone covering almost state of Karnataka since NDA govt took over with Modiji as PM.

Below is the details of funds released to SWR in comparison to the previous UPA govt.

Fund released by UPA Govt	2011-12	2012-13	2013-14
	Rs 1110 Cr	Rs 683 Cr	Rs 909 Cr
Fund released by NDA Govt	2014-15	2015-16	2016-17
	Rs 1315 Cr	Rs 2496 Cr	Rs 2779 Cr
For 2017-18 a record funds of Rs 3174 cr released			

- 1) A long pending and held up project of construction of new line of 199 km between Tumkur-Davangere is given a green signal at the cost of Rupees 1800 cr. On completion the distance between Hubli-Bengaluru will be reduced by 80 km and saves journey hours by 2 hours.
- 2) Much dreamt and awaited Hubli- Ankola BG line project will soon take off with the regional empowered committee approved it in principle.
- 3) Hospet – Hubli - Londa doubling work is in full progress with entire funds released by the govt

during last 3 years. Stretch between Dharwad-Kambarganavi-Kasinatti – Alnavar of 24 km is already completed and works between Hubli-Dharwad will soon begin.

- 4) Much awaited doubling works between Hubli-chikjajur is already in progress as a result of release of rs 1298 crore by this government and project will be completed by 2020.

New Trains started in the past 3 yrs in this region

- 1) Tr No-17321/17322 Hubli-Mumbai weekly, began from 1-11-2014.
- 2) Tr No-17317/17318 Hubli-Mumbai (Lokamany tilak) from 14-12-2014 converted into daily from weekly.
- 3) Tr No-17225/17226 Hubli-Vijaywada from thrice a week to Daily from 26/01/2016.

(Improved navalgund ibrahimpur road, road under CR F)

Near Dharwad Rly station on road connecting Kalyan nagar to Navanagar a Railway over bridge NO-297 is already sanctioned and the plan map ready, work will start soon.

Over bridge Rly gate No-1 on Hubli Gadag Rd.

Sansad Adarsh Gram Yojana

Responding to the much desired project of Aadarsh Gram Yojana of MP's, I selected 2 villages Harobealawadi and Kabbennur in Dharwad tlk. For this pupose a nuber of plans were made and they are under implementation.

To improve these 2 villages into model villages I as Chairman of the standing committee related to Petroleum and natural gas govt of India could persuade the companies such as Hindustan Petroleum corporation Ltd, BPCL, IOCL, Oil India Ltd, ONGC, Engineers India Ltd, MRPL others to help develop these 2 villages from out of the funds under corporate social responsibilities. With result number of development works including providing of basic facilities In these 2 villages have taken for implementation.

Some details of the projects.

57 Hi tech toilets in Govt schools are being constructed 28 in Dharwad taluk. In 2nd stage 26 toilets in Shiggaon and Savanur at total cost of Rs 3.13 Cr each costing Rs 5.5 lakhs per toilet this work is made possible by the funds under CSR of HPCL and entire works are completed.

Inaguration of Toilet built from the CSR funds of HPCL.

A project report was prepared and submitted for the supply of 1800 desks for the Govt schools in my constituency under CSR funds of HPCL. HPCL has already approved the project and financial approval was given for the supply of 250 desks HPCL has undertaken this work in my constituency at an estimated cost of Rs 90 lakhs and already about 900 desks have been distributed.

Approval of HPCL has been received to build 2 class rooms in Mattigatti of Kundagol Tlq and 1 class room in Hanumanamatti. After Bhoomi pooja, the work has started. In all a grant of Rs 4.30 Cr have been received by my constituency from HPCL. I had talks with Sr officers to get high tech HPCL toilets built and the approval in principle has been received and the construction work is in progress.

I have been successful in getting enhanced grants from ONGC and 10 RO's have been installed in various villages and 1 in Hubli Old bus stand, at total cost of Rs 1 Cr.

In a visit to draught affected areas of the constituency

In Harobelawadi- Model village of MP solar village project is in implementation under CSR of ONGC. This work is under progress.

A proposal to construct a swimming pool of the international standard and a multi sports complex in the neighborhood of swimming pool which is in the centre part of Dharwad is submitted to ONGC and approval obtained Rs 5 lakhs were paid to IIRD, a Simla based company and now DPR is ready. Now the only work that remains to be done is handing over of the title documents of this place and handing over the site, where this swimming pool and the complex are to be built.

A project report for the construction of a beautiful park in the land belonging to HDMC in ward NO- 30 Hubballi has been prepared approval obtained at Rs 31 Lakhs ONGC has provided Rs 20 lakhs under CSR and remaining 11 lakhs to be provided by HDMC. The tender process is over and work is in progress.

Opening of a pure drinking water unit in a village of the constituency.

We have got prepared a project report for the construction of 40 classes in Dharwad district rooms at an estimated cost of Rs 4 Cr, and submitted this project report to IOCL with a request to under take this project, IOCL has approved the project and are ready to get these rooms built stage by stage I am happy to bring to your notice that bhoomi pooja for the construction of 2 rooms in the Govt girls NO-14 School at Dharwad and 2 rooms in Govt school at Bhandiwad village and work is in progress.

Under CSR of BPCL 20 Hi Tech toilets are built in Govt schools of Dharwad district at a cost of Rs 76 lakhs in response to my request. BPCL has agreed to build a model school in Adarsh Gram Harobelawadi. Project report for this school building is prepared and submitted to BPCL and approved the action plan at a cost of Rs 2.85 Cr BPCL has submitted draft MOU to DC Dharwad. As soon as MOU is signed by the DC work will commence.

20 RO's have been installed in various villages of Dharwad District under CSR and a new school building will be constructed at Sansad Adarsh gram Kabbennur at a cost of Rs 3.15 Cr under CSR of Engineers India Ltd. Health Center is proposed to be built by Oil India Ltd under CSR and already released Rs 50 lakh to District Commissioner Dharwad, for this purpose. The construction work has begun.

Under CSR of Gas Authority of India has provided the facility of digital classroom in 28 Govt schools. In response to my appeal GAIL this year has already given approval for providing digital classrooms in 50 more schools. Already in 20 Govt PU science colleges digital classes are provided and the work for providing digital classrooms facility is in progress in the remaining 30 schools Rs 1.6 Cr has been sanctioned for this purpose by GAIL.

with popular BJP leader and Chief Minister of Uttar Pradesh
Sri Aditya Nath Yogi ji

Mangalore Refinery and Petrochemicals Limited MRPL under its CSR program has given approval for the construction of a multistoried building to house an Anganwadi, a library and an Auditorium etc. at a cost of Rs 45 lakhs at Kabbennur village work order has already been issued. Soon work will start after Bhoomi Pooja. A proposal is also submitted to this company for the supply of 2000 desks to various schools in constituency and the company has agreed to provide them during the next financial year.

New 200 bedded super specialty hospital atKIMS Hubli in
PMSSY under construction

It is my intention to get maximum financial assistance from these oil corporations under CSR for my constituency at Sansad Adarsha Grams. My aim is to develop my constituency to the maximum extent.

Central Amrut Yojna to twin cities

Under Amrut Yojna a sum of Rs 160 Cr have been sanctioned by the Union Govt to twin cities for taking up the projects of under drainage & drainage water purification unit and development of gardens in twin cities. This is another gift of Modi govt. In this 50% of the share of the central Govt ie Rs 80 Cr has already been released to the state Govt. In total of Rs 160 Cr, state Govt's share of 20%, and ULB's share of 30% are included works for all these projects are in progress.

Inauguration of IIT Dharwad

DHARWAD NOW IIT CITY

As soon as Modi Govt took over the priority was given by the Govt to provide the youth of the nation the technical education and skill development. In this background the announcement of the establishment of new IIT has been a matter of importance.

Since I was elected as MP for the first time in 2004, I have been proposing for the establishment of IIT in Dharwad but the then UPA Govt during its 10 year rule turned its deaf ears to this request of North Karnataka. It was a dream come true for the crores of people of North Karnataka when Shri Modi Govt announced the establishment of IIT in Dharwad a beautiful building for IIT is coming up in 600 acres of land in a beautiful surrounding of Dharwad.

ESI hospital new building.

Health & Sanitation are our top priorities

Employees state insurance (ESI) Hospital in HUBLI

50 bedded hospital is complete

Though the approval for the proposal to construct this building work was approved by previous Govt. construction was at a snail pace and there was a problem even in releasing funds.

As soon as Modi govt came to power I established continuous contacts with the labour minister Shri Bandaru Dattatreya and other Sr officers in past three years the whole grant was released, with the result the hospital building is not only ready now but it was inaugurated by Sri Bandaru Dattatreya himself, and thrown open to public. The minister during the inauguration function announced another 50 bedded hospital on my request in the same Campus.

International Airport of Hubli.

The construction of International Airport in Hubli is fully complete and ready for inauguration when operational this airport will be fit for the flights of Airbus 321. New Runway is complete building of the main terminal is almost complete. The cost of the entire work is Rs 160 Cr. The state Govt has given 600 acres of land at free of cost. In the past the construction of Airport was going at a snails pace. In the three years after the NDA Govt came to power the speed of the construction of airport had gained momentum.

(in a delegation of MPS & ministers of Karnataka to HRD minister)

Several laws passed by Modi Govt for the national good

- 1) The constitution (101st amendment)(GST) act 2016

ACTIVE IN PARLIAMENT

I am active in Parliament since 2004, when I was elected to Parliament for the first time. In this 16th Lok Sabha, I have asked 333 starred and unstarred questions relating to matters of state and national importance, besides taking part in as many as 70 discussions under various rules and Zero Hours and drawn attention of the Govt.

As a member of various parliamentary standing committees like business advisory committee, law and Justice, ethics, very prestigious panel of speaker, I am contributing my services to best of my ability.

In the seat of Lok Sabha speaker

Standing committee on Petroleum and Natural gas

After the constitution of 16th Lok Sabha I was appointed chairman of the standing committee on Petroleum and Natural gas on 1-9-2014 and I am

carrying the work as such. I have been reappointed as a chairman of the committee from 1-9-2015 and 1-9-2016. Till date I have conducted periodical meetings and submitted the parliamentary reports on various matters of importance. I have also participated in the study tour to places of production and distribution of petroleum and natural gas. Of total of 24 standing committees relating to various departments, standing committee on petroleum is the most important. This is a committee comprising of 31 members from Lok Sabha and Rajya Sabha, to which the tasks such as considering the on grants relating to this department, considering and reporting annual reports submitted to me, studying the records of the national policy relating to the department and making report to Parliament are entrusted.

with the speaker in a delegation of MPs

in the meeting of the standing committee on petroleum seen also with a senior officers of the department and the other members of the committee

This committee has submitted several reports to the Parliament on production and distribution of petroleum and natural gas industry, from time to time.

Thus in a period of 3 years in Dharwad Lok Sabha constituency huge funds are flowed by which several development works are implemented in my constituency thanks to our beloved PM Sri Modiji's initiation.

In a response to the call of prime minister International yoga day was celebrated all through my constituency. The influence of heri Modi as leader of international stature is one more feather in the cap of India. The yoga day is celebrated throughout the world is a matter of pride for all Indians.
